Dear Homeowner:

Project GREEN volunteers have spotted your garden and wonder if you might like to share it in our annual event, the **Project GREEN Open Gardens Weekend 2023?**

July 8 & 9, 2023 (Saturday: 4pm to 8pm; Sunday: 10am to 2pm)

Gardeners all over the greater Iowa City/Coralville area are opening their gardens, big & small, to inspire new gardeners *and* to help raise money for Project GREEN's mission of making Johnson County even more beautiful. (Anyone excited about gardening and proud of their gardening efforts may open their garden. No qualifications concerning size, perfect weed-free maintenance (*ha!*) or professional design. Project GREEN wants a wide variety of gardens for visitors to see and learn from.) Please join us!

It's easy:

1. Sign up online (and learn more) at www.projectgreen.org (or call 319-430-6649 to request a mailed application)
2. Pick up a sign from Ashton House before the event
3. On the days of the event, place the yard sign in front of your garden and enjoy chatting with visitors!

Thank you for considering!

Regards,

Cindy Parsons and Diane Allen
Co-Presidents, Project GREEN
