Will you share your garden for a good cause?

Project GREEN is looking for enthusiastic gardeners to open their gardens in our annual event, the **Project GREEN Open Gardens Weekend 2026**

June 27 & 28, 2026 (Saturday: 4pm to 8pm; Sunday: 10am to 2pm)

Gardeners in **the greater Iowa City/Coralville area** (outside city limits included) can share their gardens to inspire new gardeners *and* raise money for community beautification. **Anyone** excited about gardening and proud of their gardening efforts may open their garden. No qualifications concerning size, perfect weed-free maintenance (*ha!*) or professional design. Project GREEN would like a wide variety of gardens for visitors to enjoy and learn from. Please join us!

It's easy:

1. Sign up online (and learn more) at projectgreen.org (or call 319-430-6649 to request a mailed application)
2. Pick up a sign from Ashton House before the event
3. On the days of the event, place the yard sign in front of your garden and enjoy chatting with visitors!

Or if you see a nice garden in your neighborhood, please leave a copy of this flyer for the homeowner. Thanks!

Thank you for supporting Project GREEN's mission of **making Johnson County even more beautiful!**
